

Phoenix Drug and Alcohol Recovery & Education Society

We provide safe and secure housing for individuals transitioning from homelessness

We provide support to those living with mental health, substance misuse by providing assistance with medical appointments, applications, and linkage to other community supports

Our goal is to set all individuals up with success prior to moving on independently

What type of housing do we offer?

Mild Barrier Housing: 2 BEDROOM BASEMENT SUITE

This is a basement suite that houses 2 male individuals. Mild barrier includes marijuana friendly, no illicit substances.

Low Barrier Male: 5 BEDROOM HOME

This house has space for 5 male individuals. This is suitable for individuals living with supported mental health challenges and living with substance misuse. The house has an upper and lower suite. These individuals have access to the entire house and yard.

Clean and Sober Male: 5 BEDROOM HOME

This house has space for 5 male individuals, who do not use substances or alcohol.

Clean and sober Female: 5 BEDROOM HOME

This house has space for 5 female individuals, who do not use substances or alcohol.

All Homes, are LGBTQ+2S friendly, and do not discriminate towards self identification

All occupants are self sufficient in managing basic day to day life, or receive supports to reach this objective

Some individuals need extra support in managing complex mental health and substance misuse, while others need extra support with only mental health.
