

Home Health/Adult Protection

Natasha Marriette, BSW, MSW, RSW

Home Health

- ▶ Supports individuals (19 and older) to remain at home as long as possible through a variety of supports.
- ▶ Facilitates access to funded Fraser Health programs such as long term care, assisted living, and hospice.
- ▶ Interactions/assessment with/by Home Health professions are cost fee.
- ▶ Services such as Home Support, funded long term care, funded assisted living are based on annual income.
 - ▶ Adults who receive Guaranteed Income Supplement do not have a fee for Home Support.

Home Health Team

- ▶ The types of professions in a Home Health team may vary across regions.
- ▶ Generally the following professions are in a team:
 - ▶ Community Health Nurse (RN/LPN)
 - ▶ Social Work
 - ▶ Occupational Therapy
 - ▶ Physiotherapy
- ▶ Some offices have additional professions such as Dietitians, rehab assistants, and pharmacists.

Referral

- ▶ Speak to your physician/Nurse Practitioner
- ▶ Self-refer or refer an individual through the Home Health Service Line 1-855-412-2121

Adult Protection

- ▶ Fraser Health is a designated agency which responds to reports and adult may be experiencing abuse, neglect, or self-neglect and is not able to seek support on their own.
- ▶ Different programs have different disciplines who act as designated responders. Social Work is the most common profession that does this work.

Referrals for Concerns of Abuse/Neglect/Self-Neglect

- ▶ Home Health Service Line 1-855-412-2121
- ▶ Re:Act 1-877-732-2808/ react@fraserhealth.ca
- ▶ Community partners (Community Response Networks/Seniors Abuse and Information Line)
